Subject: Update on USA towing options
Sirs,
An update on the USA towing options.
No success whatsoever to this point. We have contacted the vast majority of towing options in
Shelby and Great Falls, are now working on Helena and Missoula options (2+ hours from the border).
Our attempts to get suggestions from local law enforcement yielded limited results, so we are
essentially working Google, trying to prioritize anyone who indicates "heavy towing".
We have successfully contacted 16 companies so far (including being hung up on), had one possible
options but all unvaccinated drivers, have left messages with several, and have more on the Google
list.
***One option we have strategically not yet contacted is [Personal Info.], which
apparently has heavy haul ability, but is the same company as [Personal Info.] which was
among the "hard no" group. Our concern is that calling them may lead to sharing of info, and
broader implications. We will call them when directed to do so. (Credit to Sgt. Alex Da Silva for good
thinking on this.)
We have documented all efforts made, and will continue to make calls as our top priority until
told otherwise.
Andrew
